coders

Problem statement-

Students handle multiple

- assignments
- exams
- project deadlines
- lab work

But due to poor organization:

- Deadlines get missed
- Work gets delayed
- Stress & pressure increase
- Academic performance suffers

Existing apps are not student-focused.

So students still struggle to manage deadlines.

Problem Statement Understanding

To design a simple and student-friendly platform that:

- ✓ Tracks all academic tasks ✓
- Sends smart reminders ✓
- Prioritizes important work ✓
- Reduces stress & confusion ✓
- Improves time management
- A disciplined, organized approach to student life.

here

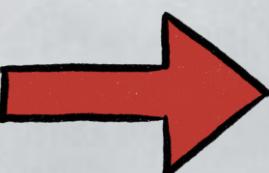

Proposed Solution

A platform where students can:

- 📌 Add tasks with due dates
 - 📌 Set reminders
 - 📌 Mark progress
- 📌 View upcoming deadlines
- 📌 Stay organized easily

Built by students — for students

Snowstorm coders

Technology Used

Technology

Frontend:

HTML | CSS | JavaScript |

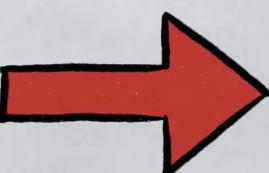

React

Backend (Optional):

Node.js / MongoDB

Platform:

Mobile-first Web App

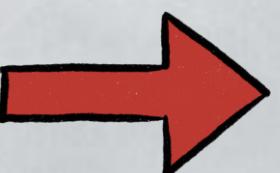

Workflow

Workflow

User → Add Task → Store Data → Reminder Engine → Dashboard Display → Track Progress
→ Task Completed

Explanation:

- ① User — Student opens the application.
- ② Add Task — Assignment / exam / project details are added.
- ③ Store Data — The task is saved securely in the system database.
- ④ Reminder Engine — Reminders are generated based on due dates.
- ⑤ Dashboard Display — Tasks are shown in list or calendar view.
- ⑥ Track Progress — User updates task status (Pending / In-progress / Completed).
- ⑦ Task Completed — The workflow ends once the task is finished.

Feasibility and impact

- ★ Better productivity
- ★ Less last-minute panic
- ★ Healthier student mindset
- ★ Organized academic routine
- ★ Improved performance

Technology supporting discipline & growth.

Student Task & Deadline Manager provides a simple, student-centric, and stress-reducing platform for managing academic tasks and deadlines. It supports practical time-management and encourages disciplined study habits. Overall, Student Task & Deadline Manager website helps students stay organized, confident, and focused on learning. In the future, the system can be enhanced with advanced features to support even more students in their academic journey.
